

DESIGNED AND ENGINEERED TO PERFORM

COMMERCIAL

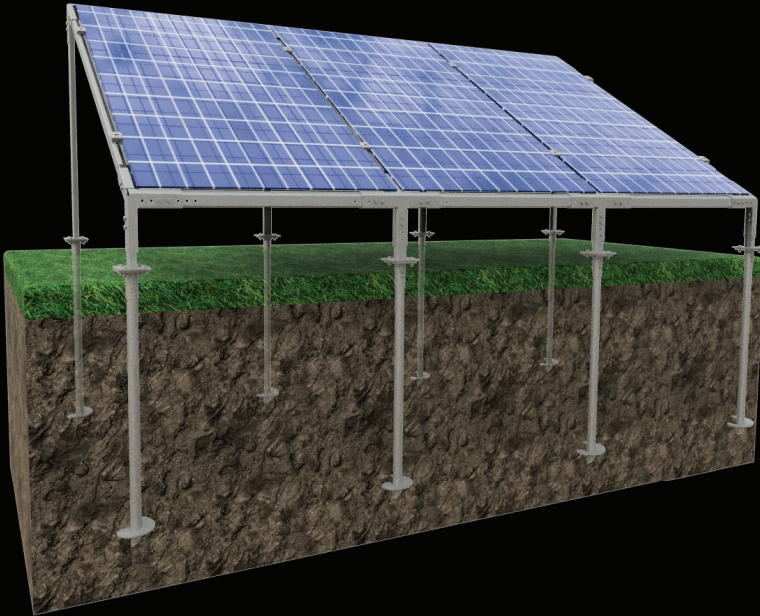

GREEN ENERGY

PROVIDING YOU THE MOST SUSTAINABLE
SOLUTION FOR YOUR FOUNDATION PROBLEMS

SOLAR FOUNDATIONS

ECP specializes in creating products that bolster renewable energy infrastructure and facilitate the development of smarter, stronger, and more efficient grids. Our solar foundation solutions play a vital role in supporting this mission, with our products being integral components in solar infrastructure worldwide. These solutions are meticulously designed to ensure the safety, reliability, and resilience of buildings and energy systems, providing a solid foundation for solar arrays and contributing to the expansion of sustainable energy practices globally.

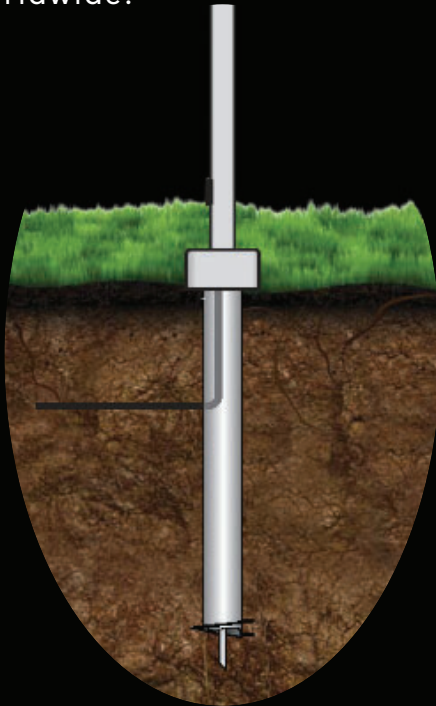

WIND POWER

Our wind power solutions are essential components in wind energy infrastructure across the globe. With a focus on innovation and quality, our solutions ensure the safety, reliability, and resilience of buildings and energy systems. By providing a solid foundation for wind turbines, we play a vital role in advancing sustainable energy practices worldwide.

BATTERY STORAGE SYSTEM

Our dedication to innovation and quality extends to our battery storage system solutions, which are essential components in energy storage infrastructure globally. With a focus on safety, reliability, and resilience, our solutions play a crucial role in safeguarding buildings and energy systems. By providing robust support for battery storage systems, we contribute to the widespread adoption of sustainable energy practices, ensuring a more resilient and reliable energy future for communities worldwide.

EV CHARGING STATION

Our commitment to innovation and quality is evident in our EV charging system solutions, which are vital components in electric vehicle infrastructure worldwide. Our solutions play a crucial role in ensuring the integrity of buildings and energy systems. By providing robust support for EV charging systems, we actively promote the adoption of sustainable transportation practices, paving the way for a cleaner and more sustainable future for communities across the globe.

For over a decade, Earth Contact Products (ECP) has grown to the most trusted name for foundation steel products. As patent and trademark holders on over 18 items, we supply the very best products, service and support to our national network of contractors. ECP is dedicated to our contractors and the people that they serve, by providing the highest quality foundation products in the industry and standing behind them with a full manufacturer's warranty.

WE ARE THE COMPLETE PARTNER FOR YOU

- Manufacturer Direct
- Engineering Support
- Training and Education
- Comprehensive Product Range
- Customized Solutions
- Marketing Support
