Pappy Hoel Campground Pool Canopy Set on Helical Piles

Vale, South Dakota

COMMERCIAL PROJECT OF THE YEAR FINALIST

The Pappy Hoel Campground, in Vale, South Dakota, utilized helical piers to support a new canopy for their outdoor pool. Rapid Foundation Repair utilized 12 helical piles for the job. 6 vertical piers and 6 battered piers to accommodate the lateral loads. 6 holes total, 3 on each side.

The vertical piles went 28 feet below grade, while the battered piles were 32 feet long.
